I saw this analogy and it made so much sense, so I'm sharing it with you.

A bottle of water at Costco is \$0.25.

The same bottle in the supermarket is worth about \$0.50.

The same bottle in a bar costs \$2.

In a good restaurant or hotel it can be worth up to \$3.

At an airport or on the plane, you may be charged \$5.

The bottle and the brand is the same, the only thing that changes is the place. Each place gives a different value to the same product.

When you feel like you are not worth much and everyone around you belittles you, change places. Do not stay there.

Have the courage to change places and go to a

place where you are given the value you deserve. Surround yourself with people who really appreciate your worth. Don't settle for less.

You are worthy!

COMPARABLE?

You are you
And I am me
That's the way
God intended it be.

Rich or poor,
Fat or thin,
That's what you are
For the place you're in.

So be content
With your place in life
And know that God
Has control of all strife.

Give it to Him,
Just do your best
For He is in control
And you will be blest.
